BOUTEAU-FLETCHER
A pretty wedding was solemnized at Knox United Church, Didsbury, on Tuesday, June 10 at 7:30 p.m. The bride, Miss Mary Louise Bouteau, daughter of Mr. and Mrs. F. A. Bouteau of Didsbury, became the bride of James Fletcher, son of Mr. and Mrs. E. J. Bouteau of Didsbury. Rev. H. J. Bouteau officiated. The ceremony was witnessed by immediate relatives and a few friends of the bride and groom.

The bride, who was given in marriage by her father, wore a flower girl's dress of ivory satin styled on Princess line, with a sweetheart neckline and full skirt. Her hair was styled in waves. She carried a bouquet of lilies and red roses. The groom wore a tuxedo and carried a sword.

The bride's mother, Mrs. F. A. Bouteau, sister of the groom, was bridesmaid and wore a dress of green and white. The groom's mother, Mrs. E. J. Bouteau, was also present.

The wedding was supported by Mr. W. J. Bouteau of Didsbury. Following the ceremony a reception was held at the Empress Hotel, Didsbury, where about twenty guests were present. The room was tastefully decorated with pink and white streamers and flags. A three-tiered wedding cake was served. The bride's table, Mr. Bill Bouteau proposed the toast to the bride, to which the groom responded.

For the occasion the bride's mother was dressed in white and the groom's mother in grey. Their respective bridesmaids were in red. The honeymoon was spent in Calgary and Banff. For traveling the bride chose a blue and grey ensemble with black and white accessories.

WESTERDALE NEWS

The June meeting of the Westerdale Women's Workers was held last Wednesday afternoon at the home of Mrs. L. Jones with 13 members present. Roll call was answered with a "Fire Prevention Hint." The business session consisted mainly of planning, with the following members being elected to the various committees—Stand committee: Mrs. W. H. Jones, Mrs. J. Jackson, Mrs. J. C. Jones, Mrs. W. D. Jones and Mrs. J. P. Schuler. Lunch committee: Mrs. L. Jones, Mrs. H. Jackson and Mrs. F. Jackson. Mrs. A. B. Jones will be in charge of tea and coffee, while Mrs. A. Jackson and Mrs. T. Jones will look after the washing of dishes with voluntary help. The Social committee consists of Mrs. J. P. Schuler, Mrs. F. H. Jones and Mrs. J. C. Jones.

The people will commence at 1 p.m. on July 1. Ten dollars of the event will be purchased and the remainder will be made.

A motion was passed that the house quilt now being made be related and the proceeds contributed to the Olds Rest Room Fund.

A cemetery cleanup day was set for June 24.

The contest which was to have been held at the meeting was postponed until the next meeting because of lack of time. The hostess tea money prize was won by Mrs. J. P. Schuler. The next meeting will be held at the home of Mrs. T. Bouteau on July 14.

Mr. and Mrs. Rex Buzzard of Olds were Sunday evening visitors at the home of Mr. and Mrs. R. Jackson.

Please Note! A cemetery cleanup day has been set for June 24. If you are unable to attend, please come out and lend a hand to improve the appearance of the lots.

MELVIN NEWS

Melvin lost a home came to Bowen Wednesday evening by a 12-3 score.

On Sunday afternoon the boys traveled to Buffalo for a league game, where they were more fortunate and won by the narrow margin of 7-6. On Wednesday evening, March 16, Melvin played at Didsbury, where on Sunday afternoon, March, they are hosts to the Air-Drive team.

Lloyd Chandler's uncle from England, who has been visiting relatives in Washington, arrived here Thursday after being delayed for several days by the west coast floods. He intends to stay about a month with relatives near Didsbury and will take in the Calgary Stampede.

Hurray! They have filed in the approaching to the Melvin school bridge at last. It's a relief to know you won't be in danger of slipping off the bridge into a deep abyss, especially with a car load of school children. Thanks!

WESTCOAST NOTES

Mr. Doug Schindler and sister, Edna, were dinner guests at the home of Mr. and Mrs. Bernal Reinhardt on Sunday last.

Mrs. Bunting and son, Laverne, Miss Inez Papke and Mr. Bob Sprague of Elkton were supper guests at the H. Goetjen home on Friday evening last.

Rev. and Mrs. Fox and family of Didsbury visited Friday afternoon and evening in the Westcoast district.

Mr. and Mrs. H. Goetjen and family spent Sunday afternoon in the Elkton district and spent the evening with the latter's parents, Mr. and Mrs. H. Papke.

Seeding is completed in this district and with the showery weather crops look good and are making satisfactory progress.

Mrs. L. Jackson and Mrs. C. P. Pothman were recent Calgary visitors.

This district was well represented at the Women's Institute convention in Didsbury on Monday.

Monday was a day of accidents among the younger generation. Roy Sanderson of the Rugby district tossed a shell against the school barn and it exploded, coming back and hitting him just below the eye. He was rushed to Calgary to an eye specialist where it required two stitches to close the gash. It is thought that the eye itself is not harmed, and we sincerely hope so. The same evening Leslie Goetjen injured his ankle when the horse he was riding lost its footing in the mud and fell, catching Leslie's foot underneath. We hope it won't be too long before both boys are up and around again.

"Thistle Dew"

KILLER IS ON THE MARKET
FOR THIS SPRING

Now we can say to the farmer in all sincerity that we have the one and only chemical weed killer that will not only kill the tops of the thistles, but will definitely penetrate the root system and destroy forever the growth of such weeds. It has been definitely proven beyond any doubt, that our chemical will penetrate 8 inches into the roots of Thistles in 10 days, and although the penetration is somewhat slower from there on down, its action will not stop until the roots have been thoroughly destroyed. Our product is a killer and cannot be sprayed on the crop, certainly not with wheat at \$1.75 a bushel. But we contend and are sure that any Agriculturist will tell you that the killing of weeds does not start in the grain crop. The proper time and place to kill weeds is on the summer fallow.

We recommend on land that you intend to summer fallow, the following procedure—

First disc your stubble field once over lightly and then when your weeds of all descriptions are from four to six inches high and you are sure that all have had a fair chance to grow, spray with THISTLE DEW the entire field, leave the land undisturbed for at least 8 days, then summer fallow 8 inches deep. In this way our chemical will be down in the root system doing its job and will not be disturbed by plowing the depth mentioned. The same procedure may be followed with equal results on land intended for late spring seeding or on your summer fallow in the fall of the year.

Let us make one point clear to you all. There is no particular stage in which to kill weeds with our chemical, just as long as there is sufficient foliage above the ground to absorb enough of our chemical. That is all that is necessary, the penetrating qualities of our product will do the rest.

CHRYSLER-METHOD REMANUFACTURED ENGINES ARE

NEW AND DIFFERENT

HERE'S WHY . . .

- They're precision built to Chrysler
Factory Standards. Remanufacturing
plants were designed and laid out by
Chrysler factory engineers and employ
factory-trained mechanics.
- All parts which fail to meet Chrysler
engineering specifications are replaced
with NEW factory-engineered parts.
- All engines have NEW crankshafts—
there is no regrinding. Very different
from the usual "re-built" engine.
- Special Chrysler production-type
gauges check tolerances of new and
used parts as closely as one ten-
thousandth of an inch.
- All engines, when remanufactured,
are dynamometer-tested to the same
standards as those applied to NEW
Chrysler-built engines.
